

Data Intake Report

Name: G2M insight for Cab Investment firm

Report date: 24/01/2023

Internship Batch: LISUM17

Version:1.0

Data intake by: Bayonle Ibukun

Data intake reviewer:

Data storage location:

Cab_Data details:

Total number of observations	359392
Total number of files	
Total number of features	7
Base format of the file	csv
Size of the data	20.663mb

Proposed Approach:

- I programmatically checked for duplicate records on pandas
- I assumed that the Cost of trip only covers fuel used for the trip and not cost of maintenance
